

Kansas State University at Salina is proud to sponsor an 18 and under softball program (the TechnoCats) for those individuals wanting to play competitive softball over the summer months of June and July and possibly play at the collegiate level.

The program encompasses leadership, academics, and athletics. Team members were selected by a tryout process in the fall. Each athlete made a two month commitment in June and July to participate in the program. All players were provided campus housing, meals, tournament entry fees, transportation, hotels, equipment, and

uniforms. While on campus, players were expected to take college classes for college credit at their expense during the two month period.

The World Series Championship was the TechnoCats first World Series Championship since its 7 year existence. The following is all of the TechnoCats team achievements since 2003:

- 2006 ASA Class B State Champions
- 2007 NAFA Class B State Champions
- 2007 & 2008 NAFA National Qualifier Border War Shootout Champions
- 2008 Kansas USSSA Class B State Champions
- 2008 NAFA Class B State Champions
- 2008 ASA Class B State Champions
- 2009 & 2010 USSSA Midwest Sports Productions Bite Outta the Little Apple Tournament Champions
- 2009 ASA Class B State Champions
- 2010 USSSA Salt City Shootout Tournament Champions
- 2010 USSSA Class B World Series Champions
